Drought prone areas in the country

2163. SHRI MOHINDER SINGH LATHER:
SHRI RAMENDRA KUMAR YADAV "RAVI":

Will the Minister of AGRICULTURE be pleased to state:

(a) whether Government propose to formulate a scheme to undertake certain works in perennial drought prone areas particularly in Northern States in the country to control the famines;

(b) whether the Government of Northern States and Bihar have forwarded any scheme in this regard;

(c) if so, the State-wise details thereof;

(d) whether Government have conducted any survey in this regard;

(e) if so, the outcome thereof; and

(f) the action taken/proposed to be taken by Government in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ARVIND NETAM): (a) to (f) Government of Rajasthan have prepared a Perspective Plan for implementation of relief-cum-development works on a systematic basis in perennial drought prone areas. The perspective plan (1992-2000) received from the Government of Rajasthan envisages a financial outlay of Rs. 1670.00 crores, for undertaking activities in the field of drinking water supply, water-shed development and soil conservation, irrigation and area development, agriculture, Public Distribution System, animal husbandry, forestry, roads, village industries, energy, cooperatives, social welfare, women and child development, immunisation, nutrition and medicare and rural housing and farm ponds.

While no detailed survey in this regard has been conducted, the Perspective Plan, which has been prepared in consultation with the district authorities, would serve as a basis and guide for working out detailed district action plans, which on mobilisation of required resources would be addressing themselves to the task of drought proofing.

No other State Government has submitted any proposal for this purpose.

Ruling prices of agriculture commodities

2164. DR. YELAMANCHILI SIVAJI: Will the Minister of AGRICULTURE be pleased to state:

(a) what is the ruling prices of various agriculture commodities in the market;

(b) what are the corresponding prices of the last two years; and

(c) what are the reasons for the decline in prices?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ARVIND NETAM): (a) and (b) The ruling prices of agricultural commodities vary from commodity to commodity and market to market. The range of wholesale prices of 17 important agricultural commodities in the mid-February, 1993, 1992 and 1991 are shown in the enclosed statement. (*see* below)

(c) The prices of items at serial number 8 to 17 (enclosed statement) have declined in varying degrees this year compared to last year. The decline in prices can be attributed among other factors to good kharif harvest and bright prospects for rabi crop, import of wheat and edible oils.
